

FY23 Compliance Report: Line-Item 4000-0641¹

The Massachusetts fiscal year (FY) 2023 budget, Chapter 126 of the Acts of 2022, included an appropriation of \$56.25 million to fund rate add-on payments to nursing facilities “solely for the purpose of permissible direct care costs” and \$18.75 million to fund a supplemental payment to nursing facilities to promote quality improvement. The FY23 budget also required the Executive Office of Health and Human Services (EOHHS) to submit a report to the House and Senate Committees on Ways and Means “detailing the methodologies used to distribute funds for said rate add-on and said supplemental payment to promote quality improvement” and that EOHHS “shall submit a report to the house and senate committees on ways and means detailing the expenditures from said rate add-on, including the number of employees receiving a wage increase and the average increase in wage, and said supplemental payment to promote quality improvement by recipient.”

A previous report provided an update on implementation of this provision and includes a summary of the methodologies used to distribute the appropriated funds.²

This report details the expenditures from these funds as required. The report includes the following three tables that provide a summary of the \$56.25 million rate add-on and \$18.75 million supplemental payments to nursing facilities outlined above. Facilities have self-reported that they invested more than \$120 million in pay and benefit increases to direct care staff in FY23, an amount that exceeds the \$56.25 million.

- **Table 1: Details of Direct Care Cost Expenditures by Facility**
- **Table 2: Details of Direct Care Cost Expenditures by Position Type**
- **Table 3: Details of Quality Improvement Payments**
